Subject: Construction of Half Moon Terraces

Ref- SPMU Review Meetings with Field Engineers on cost norms for construction of half-moon terraces

The cost per one half-moon terrace with bamboo worked out in a 1 ha area of plantation areas under the VPICs of Mairang and Thadlaskein BPMUs comes to Rs.358/- In view of the high cost, it has been decided to reduce the number of terraces from 67 terraces per ha to 37 terraces per ha under these BPMUs.

However, the plot size to be treated with half-moon terraces has to be a minimum of 6 ha to a maximum of 10 ha. Plots having areas < 6 ha and >10 ha shall not be taken up for treatment in these blocks.
